

# NEETNY's Plan for Long Island Will Create Good Jobs Connecting Offshore Wind

With national expertise in transmission, NextEra Energy Transmission New York (NEETNY) is the right choice to connect New York to Offshore Wind

New York is on the verge of launching an offshore wind revolution off the coast of Long Island, which will be critical for lowering carbon emissions and helping New York meet the most ambitious climate targets in the nation. To connect the state to these new wind farms, New York is planning to add state-of-the-art transmission lines on Long Island that will ensure a reliable grid.

## Our project will bring green jobs to Long Island, and NEETNY is the right choice to lead it.

We're dedicated to helping New York decarbonize, and we have created multiple options for New York to choose from. NEETNY will:

### BUILD

State-of-the-art new substations to support vital infrastructure upgrades on Long Island

### CONSTRUCT

Install new underground transmission lines to support a reliable, resilient electric grid that can withstand severe weather

### INVEST

Inject between \$1.1 and \$2.7 billion into Long Island's economy per year during construction\*

### JOBS

Create between 4,000 and 10,000 jobs on Long Island during construction\*

## Our indirect parent company, NextEra Energy Inc., (NextEra Energy) is shaping the future of energy

NextEra Energy is shaping the future of energy through innovation and investments in clean energy throughout the U.S. and Canada.

As the world's largest generator of clean energy, we bring broad and deep experience to the development, design and operation of complex project and have an expertise in completing projects with efficiency and working with numerous stakeholders.

**\$145 B**  
in total assets

**61 GW**  
in operation

**50+%**  
zero carbon in 2021

**300**  
major capital projects  
in last 15 years

**10,000**  
different suppliers  
used in 2021

Long Island will see an immediate impact from new jobs, new contracts with suppliers, and new spending when workers shop locally at grocery stores, restaurants, and retail. This is the economic stimulus that Long Island needs as we continue to focus on recovering from the pandemic – and **NEETNY has the experience, expertise, and track record to get the job done.**
